AUSTIN CHAPTER
P.O. Box 203684
Austin, TX 78720-3648

A Hope. A Commitment.. A Future

The Society of Mexican American Engineers and Scientists (MAES) was founded in 1974 by a group of practicing professional engineers for the purpose of advancing Mexican Americans and Hispanics in engineering and science careers. Through its professional, technical and youth motivational activities, MAES works to increase opportunities, recognition and participation of Mexican Americans and other Hispanics in engineering and science. MAES is a non-profit, tax-exempt corporation.
